

There are many qualities in individuals we seek including, experience, and a college graduate, whom have worked in Administrative, or Business Development Careers, where they are unfulfilled due largely to an underutilization of their skills and talents. People need to know that career opportunities exist that provides security, independence, unlimited income, personal growth and career satisfaction.

Health, Nutrition, and weight loss, is a growing 42 Billion Dollar Industry that www.Joy2Life.com is proud to be a part of. Expanding and growing our organization, as an alliance with health professionals requires well-qualified individuals to accomplish our successful growth!

Our vision at *Joy To Life*, is to provide long-term career opportunities for individuals that see themselves as intelligent, honest, and caring, to their family and community.

It is our mission to assist candidates in becoming very successful associates in all departments of *Joy To Life* by providing them training, guidance, and motivation, in all aspects of their career.

We best serve those individuals that are self-starters, and believe in the *Joy To Life* model of doing what it takes in quality service to our Clinics, and their patients, so that they refer their colleagues and patients to *Joy To Life!*

We best serve:

- College Degree or experience equivalent
- Five years or more experience in people oriented positions
- Family oriented
- Strive to be the best in all aspects of life
- Enjoys meeting people and is fun to be around
- Enjoys solving problems and helping people
